CONTRACT APPROVAL NO. 10
Contract No. SP-1915

This will serve to confirm telephone conversation between your Ed Martin and our Col. G. and formally authorize you to proceed with the following:

17 Free Air Temp Kits (15 to be installed in the vehicles plus 2 spares). Estimated cost \$350 to \$400 per kit. Total approx. \$6800.00. Weight approx. 1.2 lbs.

20 ejection seat packs (smaller ones) with left hand activation.

17 fuel air meters (15 for vehicles and 2 spares) to be furnished LAC by Revere.

Totalizers to be modified to give totalizer & fuel readings on same meter.

Please submit a proposal for the above work as soon as possible. On the Air Temp Kits indicate the cost for those to be installed in the field and the cost of those to be installed in the XI.
